Background:

Tentative Tract Map No. 53642 was approved by the Planning Commission on April 19, 2004, and has since expired. No additional hearings before the Planning Commission or City Council occurred on the project site until December 12, 2022, when the Planning Commission re-examined and approved Tentative Tract Map No. 53642. This approval allows for the subdivision of the subject property into 208 single family residential lots, and construction of an age-restricted residential planned development in the R-7,000 zone.

The Final Map is in substantial conformance with the approved Tentative Tract Map No. 53642, has been examined by the City Surveyor, and is ready for City Council approval. In addition, an Undertaking Agreement has been executed, and Improvement Securities have been collected to guarantee the installation of improvements and monuments.
