The production of an annual report is one of the performance measures approved by City Council in the Fiscal Year 2011-2012 Program and Financial Plan. The following objectives were achieved by the Development Services - Utilities Services Division, for Fiscal Year 2021-2022:

- Providing for the health and safety of the citizens of Lancaster through proper maintenance of the sewer collection system.
- Responding to and reporting all public Sanitary Sewer Overflows (SSOs) in accordance with waste discharge requirements mandated by the State of California.
- Responding to resident complaints in compliance with the City's Stand-by Policy as stated in the MOU between the City and the Local 911 Employees Union.
- Training staff to California Water Environment Association (CWEA) Sewer Collection System Technician Certification requirements.
- Preparation of the city-wide Sanitary Sewer Collection System Annual Report for Fiscal Year 2021-2022.

The attached Sewer Collection System Annual Report provides detailed information regarding the system's growth and characteristics over the past year, and outlines the accomplishments of the Development Services - Utilities Services Division regarding operations and maintenance of the City's sewer system.
