JC

Date: March 14, 2023

To: Mayor Parris and City Council Members

From: Marissa Diaz, Public Works Director

Subject: Street Name Change – Avenue L West to Balmont Street

---

### Recommendations:

1. Adopt **Resolution No.** , directing and authorizing the street name change of Avenue L West, the westbound frontage road parallel to the Avenue L Bridge and Sierra Highway, to Balmont Street.
2. Find that the California Environmental Quality Act does not apply.

### Fiscal Impact:

\$2,066.00 in signage. Sufficient funds are available in operating account 203-4754-455.

### Background:

Existing street name signs have named this westbound frontage road as Avenue L West. California Compaction is proposing a new building and the street name change is requested for the installation of required on-site fire hydrants and the addressing of their new building. City policy generally states that street naming shall adhere to the existing alphanumeric and numeric system, and that streets with the same alignment have the same street names. The proposed street name is in conformance with City policy, as Balmont Street has been used for other streets within the City, and these streets are in the same alignment.
